

## AIR INDIA APPOINTS ROGERS AVIATION AS PASSENGER GSA FOR MAURITIUS

**GURUGRAM, 24 December 2024:** Air India, India's leading global airline, today announced the appointment of Rogers Aviation as its General Sales Agent (GSA) for passenger business in Mauritius.

Rogers Aviation will manage Air India's reservations & ticketing, support marketing efforts, and provide comprehensive passenger sales support in Mauritius. This association will offer seamless services to travel agents and customers in the Indian Ocean archipelago, strengthening the growing passenger traffic between India and Mauritius and beyond.

*"We are delighted to be appointed as the GSA for Air India in Mauritius. This partnership underscores our commitment to providing exceptional travel solutions and solidifies our position as a leading travel and aviation services provider in the Indian Ocean and Sub-Saharan Africa region",* said **Alexandre Faydherbe, CEO of Rogers Aviation.**

Air India's expanding fleet and enhanced services, coupled with Rogers Aviation's dedication to excellence, will deliver a world-class flying experience to travellers. Air India currently operates 5x weekly flights to Mauritius from Mumbai, offering convenient transfers via Mumbai to flights across India and beyond.

As part of its ongoing transformation, Air India continues to modernise its fleet and introduce new products & services for travellers. Air India yesterday confirmed to purchase 100 Airbus aircraft, in addition to its orders for 470 aircraft with Airbus and Boeing announced last year.

### About Air India group

The Air India group – comprising of full-service global airline Air India and low-cost regional carrier Air India Express – is spearheading a new era of Indian aviation. The Air India story began in 1932 when JRD Tata piloted the airline's inaugural flight and opened the skies for aviation in India. Today, Air India group employs more than 30,000 people, operates over 300 aircraft and carries customers to 55 domestic and 48 international destinations across five continents.

Returning to the Tata Sons in 2022 following 70 years under Government ownership, Air India group is in the midst of a five-year transformation program, Vihaan.AI. As part of the transformation, Air India placed the then largest-ever order for 470 new aircraft in 2023. In 2024, sister airlines Air Asia India and Vistara were successfully merged into Air India Express and Air India respectively, and the Airline opened South Asia's largest aviation training academy. A new flying school is scheduled to open in 2025, and construction of a greenfield maintenance base, to be operational in 2026, is underway. In addition to receiving new aircraft, all existing aircraft are progressively undergoing a full interior refit.

With transformation underway across all facets of the business and India's rich legacy of hospitality, Air India is committed to being a world class global airline with an Indian heart.
